4.33 Inches Rain Falls Here

Widely scattered thundershowers spread over Central Texas with Cameron receiving 4.33 inches. The rainfall includes that which fell since Tuesday.

The rain fall was a welcoming relief for many of the Milam farmers and ranchers. The latest account of the 1953 total is 40.52 inches of rainfall. This latest total is 12.14 inches more than the total amount which fell all during 1952.

A tornado riped into the Seguin area. The small vicious tornado injured at least one man, but no fatalities were reported. It brought severe hail, wind and was accompanied by a rainstorm. The twister was first sighted in the air between Seguin and San Antonio. It struck the ground along highway 123 about eight miles south of Seguin. It moved northward, demolishing fences, tearing up trees, and smashing farm buildings.

School Carnival To Be Staged Here Friday Night

The annual school carnival will be staged Friday night, December 4 in the Yoe High Gymnasium.

Heading the list of activities however, is the chili supper which will be served in the Ada Henderson cafeteria beginning at 5:30 and until 8 p.m. Tickets are now on sale, and classes are given credit for the total amount of tickets sold.

A special session of the carnival is being held in the afternoon from 2:30 until 3:45. The night session will begin at 6:30 and continue until 9. The crowning of the Yoe High and Ada Henderson queens will take place after votes are counted.

The public is cordially invited to attend the carnival and witness the carnation ceremonies.

Woodson Lumber Company Buys Grant Lumber Company Property

Woodson Lumber Company has purchased the John F. Grant Lumber Company property, on 300 West Second Street.

The Company will move to their new location Monday, December 7, where all business transactions will be conducted. The old location will be used temporairly as a warehouse.

The Woodson Lumber Company has been in business in Cameron for the past nine years and have been operating under lease on the property.

Since buying the property, many improvements have been made. A complete renovation has taken place. All salesrooms and offices have been remodeled. New large plateglass windows, modern lighting, plywood paneling and celotex planking, ceiling tile, new display tables new hardware displays and a new central heating system has been installed.

A large new warehouse will be constructed in the near future. H. P. Woodson, president of Woodson Lumber Company, thinks the facilities of the new location will make it possible for his organization to better serve the building needs of this community. The Woodson Lumber Company invites its many customers to come see them in their new location.

Community-School Study To Begin

As announced recently, the Cameron School Administration is planning a series of five programs designed to make possible a closer relationship between the Cameron School Community and the School Administration and faculty.

The first program will be held Tuesday, December 8, from 7:30 to 9:00 p.m. at the High School Auditorium. This meeting will consist of an informal panel composed of teachers, students and patrons of the school, to discuss Looking Back and Looking Ahead in Education in Cameron. Dr. Arvin N. Donner, Dean of the College of Education, University of Houston, will lead the discussion.

A steering committee consisting of Mrs. L. R. Thompson, Mrs. Ruth Rosson, J. R. Young, Mrs. Hardin met Monday at the University of Houston with Dr. Donner and his committee to make plans for the program to be presented Tuesday night and to outline the other four meetings which are to follow.

The public is cordially invited to attend the meeting and to take part in a short social hour following the discussion.

Vicious Tornado Hits Tanglewood

One Injured; Completely Destroys Five Buildings

A vicious tornado struck the small community of Tanglewood at 6:15 Wednesday morning. The twister left the community, which has a population of about 200 persons with one injured. The tornado completely destroyed the school house, Christian Church building, Baptist Church building, two homes and partically destroyed five other homes and buildings.

The homes belonging to Polk Frost and Mrs. Virgie Albrittion were a total loss. Four members of the Polk Frost family were in the house when the twister ripped through. Mr. Frost was the only person injured, but he was not hospitalized.

The tornado hit the southwest side of Tanglewood, and it was approximately 300 yards wide. It followed a path through the west side of the small community for about a quarter of a mile. The twister lifted and dipped down about 3 miles northeast of Tanglewood, destroying a barn.

All communications and power lines were out in the community.

J. M. Weed, Jr., city fire chief of Rockdale, estimated the damage to be approximately $70,000.-00. The tornado directly effected about 48 persons.

Tanglewood is located between Lexington and Rockdale on U. S. Highway 77 in Lee County.

Milam Highway Patrolmen John T. Blansit and Otis Hilderbrand answered the call to the Tanglewood area which was affected by the tornado.

Cotton Acreage Allotments Are Now Being Established

Cotton acreage allotments for the 1954 crop are now being established for all of the eligible farms in Milam county and each cotton farmer will be notified by mail of the acreage allotment for his farm before he votes in the December 15 marketing quota referendum, says Paul C. Graves, Chairman of the Milam County Agricultural Stabilization and Conservation Committee.

He explains that the national cotton acreage allotment is the acreage which at average yields will produce 10 million bales, the minimum quantity set forth in the law. Based on the 1948-52 national average yield of 268 pounds per acre planted, the national acreage allotment for upland cotton is 17,910,448 acres. The national acreage allotment is divided among the States and counties based largely on cotton acreage during the years 1947, 1948, 1950, 1951, and 1952.

The county allotment is divided largely among farms that have grown cotton in the past 3 years but a small reserve is made available for "new" cotton farms, small farms, and for hardship cases. In distributing the acreage reserve, the county committee considers the type and productivity of the soil, labor, and equipment available for cotton production, past cotton production, and other factors.

Annual Christmas Program To Be Held Here December 11

The Annual Christmas musical program, directed by Mrs. Mark C. Magers, will be presented this year in the Yoe High School Gymnasium on December 11 at 8 p.m.

Invitations have been sent to choral groups in Cameron and neighboring cities requesting their participation in this program.

The public is cordially invited to attend. No admission will be charged.

Two-Car Head-on Collision Occurs Near Rockdale

A highway head-on collision occured Monday afternoon, November 30 on U. S. Highway 79, three miles west of Rockdale. John T. Blansit, Milam County Highway patrolman investigated the two-car crash.

According to Blansit, Hirm Walker, 61, a Dallas salesman was driving a 1952 Chevrolet sedan east on U. S. Highway 79. He was attempting to pass a truck and ran head-on into Ed J. R. Everson, 51, colored, of Taylor.

Blansit said Walker pulled to his left and Everson pulled to his right, both trying to avoid the collision. They met on the shoulder of the road.

No injuries were received by either driver.

Both cars received only moderate damage. Charges were filed by Blansit.

Everson is employed by the Water Department of Rockdale.

Milam Unit Announces Completion Of Plans For Health Survey Here

Dr. N. C. Leone, Dr. E. R. and Miss Vona Harrell, representatives of the United States Public Health Service arrived in Cameron, Wednesday afternoon to complete plans and initiate the Cameron portion of the Health Survey announced a few weeks ago. The Bartlett part of the study is virtually complete.

This study is being made to determine, if possible, the effects of consuming large quantities of fluoride over a long period of time. Bartlett in the past has had large quantities of fluoride in Zimmerman, Miss Patricia Geiser its water although at the present time most of this is being removed to prevent molting of the teeth, yet retain the beneficial effects of a small amount of fluoride in prevention of dental cavities. Cameron has little or no fluoride in the water and for this reason, it was selected as a control in 1943 and again in 1953.

Individuals who participated in the study group ten years ago will be contacted during the next few days. They will be asked to participate in the forthcoming study again.

Since approximately eighty percent of these participating in the 1943 study still live in Cameron, it is hoped that all of these individuals will volunteer to participate again. In return for giving up about one half of a day, each individual will be given a thorough physical examination, x-ray examination and certain laboratory tests. This examination will cost the individual nothing and in return he will have the peace of mind knowing that he is in good health or some disorder has been detected in an early and correctible stage. A report of the findings on these examinations will be forwarded to the physician designated by the person examined.

This study has been approved by and given the support of the Texas State Department of Health, the Milam County Health Unit and the physicians and dentists of Cameron.

Buckholts 4-H Youth Produces Top Corn Yield In State

Hal Lester Senkel, Buckholts 4-H Club boy, topped all other contestants in the state with his yield of 137.6 bu of corn per acre, and was presented a check for $50 Monday night by the Texas Hybrid Seed Corn Grower's association.

Hal Lester's yield was best in the state-wide contest which drew 130 entries and included farmers, 4-H club members and FFA boys. He placed first in the area last season.

Other top yields in the area included Mike Robinson of Holland, 115 bu per acre, who won $35 in prize money; W. E. Webb, Whitned, 110 bu. $25; William Gregory Waco, 94.8 bu., $10; and Billy Gene Weiss, Crawford, 93.8 bu. $5.

In addition to his prize money which was presented by M. B. Lacy secretary of the division of seed certification, State Department of Agriculture at Austin, Hal Lester will get a plaque from the seed grower's association. The Buckholts youth is the son of Mr. and Mrs. Edward Senkel.

Hal Lester planted his two acres of corn for the contest on March 19, using the Texas Hybrid No. 30 variety. He used liberal amounts of fertilizer, irrigated the land three times and cultivated it only twice. Cost per bu of corn was about 63 cents per bushel.

The state winner has worked closely in co-operation with J. D. Moore, Milam county agent, and his father, who is one of the adult leaders of the Buckholts 4-H club, during his four years as a club youth. He was awarded the county 4-H Crops Award Medal for 1953 at Milam county's Achievement Day program on November 14.

Farm Bureau List Highest Enrollment In History

The Texas Farm Bureau ended its fiscal year Monday with the largest membership in its history — 53,195 farm families.

This figure entitles Texas to send five voting delegates to the 35th annual convention of the American Farm Bureau at Chicago Dec. 14 - 17. The five delegates are President J. Walter Hammond of Tye, Vice president C. H. Devaney of Coahoma, S. W. McClaren of Cameron, Edwin Sanderson of Paris and Howard Wright of Weslaco.

This year's record membership figure compares with 48,650 on Nov. 30 last year and 8,468 on the same date 10 years ago.

Milam County shared in this total and doubled its membership. It was announced that the counties' 558 enrollment was increased to approximately 1000.

Cameron's First City Police Car Purchased Here This Week

City improvement and progress was put ahead one step here with the purchase of the city's first police car.

The new 1953 four-door black Ford was purchased by the city strickly for the usage of the city police. The black car is completed with the white doors which have "POLICE", "City of Cameron" printed on it.

The car will be used during the day by the City Marshall and at night by the night patrolman.

Bids were received sometime ago for the automobile and Hefley-Stedman Motor Co. submitted the lowest bid.

Car-Truck Collision Occurs Nov. 25 In Santa Fe Town

A car-truck collision occured on South Crockett in Santa Fe town Wednesday afternoon, Nov. 25 at 3:30. Cameron traffic officer James Terry investigated the accident.

Terry said Mrs. J. E. McCory driving a 1953 Plymouth, was headed west on South Crockett. Lee C. Vaughan of Waco, driving a 1953 GMC model truck started to turn left and caught the rear door of Mrs. McCory's car.

Accorring to Terry, Mrs. McCory was taken to St. Edward Hospital by Marek-Burns ambulance. She was released the same afternoon.

Damage to the car was reported heavy. The truck received only slight damage.

Wet Pavement Causes Two Accidents Here Tuesday

Highway Patrolman John T. Blansit reported two accidents occuring Tuesday. Both were results of the wet weather.

Blansit said Mrs. Rita Greenwood, driving a 1949 Ford convertable on State Highway 36 ran into a pickup driven by John T. Butler of Cameron. The accident occured at about 8:10 a.m. Tuesday.

The car was heavily damaged, while only slight damage was done to the pickup. No injuries

Parents Warned To Keep Children Out Of Construction Area

H. L. Burleson, Field Foreman for the construction of Cameron's new water tower has arrived in Cameron. Mr. Burleson said the tower probably would be completed within the next six or seven weeks, if the weather was favorable and the supply of steel continued to be plentiful.

Mr. Burleson has asked, through the press that parents in the city must be advised of the danger that is involved in the area of construction.

Children who have an unusual amount of curisoity are making it difficult for the men who are building the tower. Obviously parents are not aware that some of their children are going in the area, and will co-operate in every way to keep them away. Mr. Burleson says the children do not know the danger that is involved in such a construction but must be made to understand that they are in great danger when in that area. He feels that parents will co-operate in seeing that their children do not stop at the place for any reason.

$80,000 Compromise Agreement In Roper Case Settled Tuesday

In the case of Mack W. Roper vs. Fisk Electric Co. et al in the District Court of Milam County, the defendant, Eichleay Corporation motion for a new trial was over ruled n December 1 by the Honorable O. D. Graham, Judge of the District Court of Milam County.

After the overruling of the motion for new trial, the defendant, Eichleay Corporation and Fisk Electric Co. offered to pay the sum of $80,000 in full and complete settlement of all the damages growing out of the injuries to Mack W. Roper on Sept. 3, 1952 at the Alcoa Plant near Rockdale.

After having compromised settlement fully explained to him by his attorneys, J. W. Miller of the law firm of Miller and Allen of Cameron, and by Raymond McDermott of the firm of Helm and Jones of Houston, the said, Mack Roper, accepted the compromised agreement of the defendants. This compromised aggreement is in full and complete settlement of the judgement rendered by a jury trial of this cause of action during September of this year. The records indicate that this is one of the largest judgments ever rendered in this part of the country and that the compromised settlement was one of the largest ever entered in adamaged suit in Central Texas.

The attorneys representing Mack W. Roper were Miller and Allen of Cameron, and Helm and Jones of Houston. The attorneys for the Eickleay Corp. were Hart Brown and Sparks of Austin, and Jack W. Prescott of Cameron. Attorneys for the Fisk Electric Co. were the Kemper and Wilson Law firms of Houston and Camp and Camp of Cameron.

Farmers To Get Allotment Notices Before Referendum

Peanut growers will be notified of their 1954 acreage allotments before they vote in the referendum on December 15, according to Paul C. Graves, chairman of the Milam County PMA Committee. The 1954 farm acreage allotments are now being established and notices to farmers will be mailed out about December 2, 1953.

Every farmer who grew more than one acre of peanuts that were picked and threshed in 1953 will be entitled to vote in the election.

The acreage allotments for States and farms will be based on a minimum national allotment of 1,610,000 acres. This is slightly less than the 1953 allotment of 1,678,481 acres, even though the marketing quota is slightly more than last year. The reduction in acreage is a reflection of the increasing yield per acre.

In establishing acreage allotments for individual farms. chairman Graves explains, the 1951 1952, and 1953 picked and threshed acreage of peanuts on the farm and acreage allotments previously established are main considerations. Abnormal conditions affecting acreage also are considered as well as the lay of the land, labor, equipment available for the production of peanuts, crop rotation practices on the farm, and soil and other physical factors affecting production.

In the December 15 referendum farmers will vote on whether they want marketing quotas or not. If two thirds of those voting are in favor, markeing quotas will be in effect for the next three years. In the three previous peanut referendums more than the encessary two-thirds have voted in favor.

Among the holiday visitors in Cameron are Bryce McClellen, Virginia Graham, Kate McLane Ann Bradbury and Norine Holder, who are all students at Baylor University in Waco.

New Cantaloupe Variety Ready For Release

J. D. Moore, Co. Agent

Rio-Gold a new disease resistant cantaloupe which is described as having an excellent flavor, is now available to growers.

Developed at the Lower Rio Grande Valley Experiment Station in 1950, the variety has several characteristics superior to Rio-Sweet. G. H. Godfrey, plant pathologist at the Weslaco Station says Rio-Gold has an attractive, deep tender flesh with an excellent flavor and a high sugar content. The vines are highly resistant to downy mildew and fairly resistant to powdery mildew and aphids.

Rio-Gold was first recognized as a distinctive strain late in the spring of 1950 when found on a vine that bore bright, wellnetted melons of high quality.

Trial plantings at various Texas locations brought favorable response in appearance and eating quality.

Limited quantities of Rio-Gold seed for trial plantings and seed increase are available from Foundation Seed Section, Department of Agronomy, Texas A & M College, College Station, Texas.

Soil Conservation District News

Several farmers in the Cameron area have recently joined Central Texas and Taylor Soil Conservation Districts, and are cooperating to carry out and promote Soil and Water conservation. Some of these farmers are: Cornelious Titsworth, John Gelner, Ed Jekel, O. P. Curry, J. P. Drenek and Hubert Jistel.

Cornelious Titsworth and a group of farmers in the Pettibone area recently met with the Central Texas Soil Conservation District board of supervisors and made application for some conservation equipment to be used in their community. The application was approved and the equipment will be turned over to the custodian soon.

Fall cover crops are beginning to show up over the area, but many farmers are still planting. Winter peas that were dusted in before the rains seems to have made the best growth; however, vetch in some areas is up to a good start.

John Burtis, in the Corinth community, proved to himself the value of phosphate on legumes that were turned under and followed with cotton. He reports that where the phosphate was applied, cotton producing was merely double to that where no phosphate was applied.

Application of permanent practices has been progressing since the soil has dried out enough to work. Wallace Culpepper completed two stock ponds and Marvin Elliott and D. K. Hall each have completed stock ponds this week.

This years planned application of terraces was completed on farms owned by Robert Titsworth, A. B. Michalka and L. R. Thompson.

Future Farmers From Hearne Guests Of Farm Bureau Here

A group of Hearne farmers were guests at a recent meeting of Milam County Farm Bureau. W. W. Holtzapple, instructor was accompanied here by three Future Farmers of America of the Hearne High School.

Those who attended were Allen Klement, Pete Scamardo and Joe Moore, Jr. The young men gave an interesting exhibit of the method in which soil is sampled. Each boy took part and gave instructions, step by step the proper way of securing soil for a sample to be sent to A & M College for test.

Mrs. Charles Hensarling

Miss Brock And Mr. Hensarling Marry In Church Ceremony Here

Marriage vows were exchanged between Miss Mary Ann Brock and Mr. Charles Hensarling in a formal candlelight ceremony at eight in the evening on Saturday, November 21 at First Baptist Church of Cameron, with Rev. A. F. Russell performing the ceremony.

The bride was given in marriage by her father, Jess J. Brock, and was attended by Miss Sammie Dell Markham, who was maid of honor. Bridesmaids were Miss Patricia Davis of Harlingen, cousin of the bride, Miss Dallie Green and Miss Pat Sunkle of Yoakum. Misses Markham, Green and Sunkle were all high school and college mates of the bride. Nolan Hensarling of Austin served his brother as best man. Ushers were Lucien Kruse, college roommate of the groom, Buddie Shipp and Tom Nance of Austin, brother-in-law of the groom.

The altar was banked with baskets of giant bronze chrysanthmums and candelabra. Candles were lit by Mr. Kruse and Mr. Shipp. Wedding music was played prior to, and during the ceremony with Mrs. Hilliard Thomas at the organ. Mrs. Thomas also accompanied Miss Shirley Horstmann who sang "The Sweetest Story Ever Told" and "Always".

The bride was beautifully attired in an all white colonial styled dress made of lace which fell in graceful folds over an underskirt of imported tulle and extended into a short train. She wore a fingertip veil of imported tulle, attached to a crown of orange blossoms, which had been worn by her sister and sister-in-law when they married. Her bouquet was centered with one large white orchid and surrounded by a dozen small white orchids, intertwined with tulle and white satin ribbon. Her attendants wore similar dresses of autum green nylon tulle over taffeta trimmed with velvet leaves. Their headpieces were made of matching green velvet leaves trimmed with gold-bugle beads. They carried shower bouquets of bronze chrysanthemums.

The mother of the bride wore a formal length dress of rose lace and chiffon and rose sequin hat. Her corsage of one large rose orchid and rose elbow length gloves completed her costume. The mother of the groom chose a blue lace formal dress and wore a matching blue hat. She wore one large brown orchid.

A reception was held at the home of the bride's parents immediately following the ceremony.

The bride's table was covered with white net over satin and held a double ring wedding cake at one end centered with clusters of white calla lillies and scattered with small white lillies and orange blossoms. Mrs. Tom Nance, sister of the groom, served cake while Mrs. Nolan Hensarling, sister-in-law of the groom, served punch to the 200 guests who called during the evening. The receiving line was composed of the bride and groom, members of the wedding party, Mrs. Brock, mother of the bride and Mrs. Hensarling, mother of the groom. Guests were received at the door by Mrs. Leo Fuchs, Mrs. James Brock presided over the bride's book while Mrs. F. Earl Davis of Harlingen and Mrs. Charles Krieg of Tyler invited guests into the dining room. Mrs. O. B. Horstmann had charge of the display of gifts. Others in the houseparty were Mrs. Pat Gleason, Miss Martha Black, and Miss Hortense Nabours.

The bride and groom left for a trip to Bandera following the reception and Mrs. Hensarling chose for travel a turquoise blue wool suit with velvet fitted jacket and white hat and gloves. Her other accessories were black velvet and she wore a white orchid corsage.

Mrs. Hensarling is the daughter of Mr. and Mrs. Jess Brock and was born and reared in Cameron. She graduated from Yoe High School and attended Southwest Texas State Teachers College in San Marcos.

Mr. Hensarling was born and reared in Stephenville, Texas and is the son of Mr. and Mrs. T. A. Hensarling of Stephenville. He is a graduate of Texas A&M College and is now employed with the Extension Service at A&M College. Mr. and Mrs. Hensarling will make their home at College Station.

Guests from Houston, Harlingen, Stephenville, Rockdale, Yoakum, Austin, Taft, Bryan and Navasota attended the wedding.

Milam HD Council Plans Christmas Party On Dec. 9

The Milam County Home Demonstration Council met in the district court room in Cameron Monday, November 23.

Mrs. Hugh Wimberly, chairman, presided. Secretary Mrs. A. J. Jenkins read the minutes and called the roll.

The group discussed the Christmas party which will be held at Gay Hill on December 9 at 2 p.m. Each lady was asked to bring a gift. The price of the gift was not to exceed $1.

The clubs represented reported on the individual achievement days held in the different communities.

The group elected Mrs. R. L. Zedlitz of Buckholts, treasurer.

There will be an all-day meeting the fourth Monday in January beginning at 10 a.m. in the basement of the Lutheran Church at Rockdale. Those attending are asked to bring a covered dish for the luncheon which will be served at noon. Mrs. F. R. Doss of Tanglewood will furnish the drinks.

Two of the delegates, Mrs. Bernice Charles and Mrs. Young gave reports of the State Home Demonstration Association Convention which was held in Galveston. The next state convention will be in Dallas.

The members of the different clubs in the county were urged to subscribe to the Messenger, the Home Demonstration magazint.

Craft books were distributed to the different clubs. One book entitled, "Highway Safety Begins at Home" was pointed out to be especially important.

The meeting adjourned after all business was completed.

Mrs. Pat Gleason was hostess at a buffet supper given in her home at Maysfield, honoring Mr. and Mrs. Charles Hensarling, who were married recently in First Baptist church.

Mrs. Gleason used cornucopia as a center piece on the dining table.

Attending were the following: Buddy Shipp, Shirley Lairman, Lucian Kruse, Dallie Green, Hortense Nabours, Jack Tumlinson, Sammie Dell Markham, Dick Tumlinson, Shirley Carlin, Bill Crenan, Tommy Gleason, Leon Noack and the honorees, Miss Brock and Mr. Hensarling.

The hostess served a course of baked ham, potato salad, hot rolls, beans, pickles, peaches, hot coffee and strawberry short cake.

St. Rita Circle Meets In Simon - George Hall

The St. Rita Circle held their regular meeting Wednesday afternoon, November 25 in Simon-George Hall with Mrs. Ralph Michalka and Mrs. J. T. Parma acting as hostesses.

Mrs. Pete Mikula presided in the absence of the president, Mrs. Will Mees, Mrs. David Shapiro called the roll and read the minutes of the previous meeting.

After the general business session, several letters of "Thanks" were read, one from the Girl Scouts, thanking the Circle for helping in their cookie sale.

All deceased priest of the parish were remembered by an enrollment in the clarical indocment fund by the National Council of Catholic Women. The recollection date was postponed.

Mrs. Bartel Crennan was received into the Circle as a new member.

Rev. George Duda, pastor of the church, led the Bible study.

The hostesses served coffee and kolaches for refreshments.

Chiropractors Attend Insurance Siminor In Two Day Session

Dr. J. E. Boyce has returned home from Dallas where he attended the Workmans Compensation Insurance Siminor. The meeting was held at the Adolphus Hotel in that city.

Over three hundred Chiropractors attended the Siminor, where all phases of the Workmans Compensation law were discussed. All Chiropractic treatment is now covered by the Compensation law.

Over four hundred Health and Accident Companies now pay claims to Chiropractors, over and above the Workmans Compensation claims.

The program was sponsored by the Dallas Chiropractic Association and was arranged and put on by the International Chiropractic Association of Davenport, Iowa.

A number of these Chiropractors will be selected to serve as Insurance examiners for Workmens Compensation Co., Life Insurance and Health and Accident Insurance Companies.

Mr. and Mrs. A. R. Epperson of Austin were guests in the Fritz Fahrendorf home last week.

Pvt. John R. Small Scheduled To Leave For Overseas Duty

Llyod Albertson

Pvt. John R. Small, who has been stationed at Ft. Hood with the First Armored Division since his induction into the Army early last spring, is spending a twenty five day furlough visiting relatives and friends here in Cameron before leaving for overseas duty in Germany.

He is scheduled to report to Camp Kilmer, New Jersey, on December 8 for embarkation to his new assignment.

Prior to entering the Army, Small resided in Cameron and was employed as a taxi driver by a local company. He made headlines in newspapers in this area last spring by becoming the 6,000th man to be inducted at Ft. Hood since the start of the Korean war, and was greeted in a special ceremony by high-ranking Army officers. Last month he was a member of a contingent from the First Armored Division that was sent to the lower Rio Grande valley to participate in ceremonies when President Eisenhower visited the area and dedicated the newly completed Falcom Dam.

Small was formerly a member of Battery C, 649th Anti-aircraft Artillery Battalion, the local National Guard unit.

John Paul Jones was once vice-admiral of the Russian fleet.

Virginia Dare was the first white child born in America.

Little River Philosopher Up in arms over Dallas Mayor's plan to get rid of Johnson Grass by supporting SMU.

Editor's note: The Little River Philosopher on his Johnson grass farm on Little River is riled up this week, his letter reveals. He'll get over it.

Dear editar:

I generally take a calm attitude toward most things, from high taxes to atom bombs, from trustee elections to Presidenial elections, but this week I don't mind sayin I'm up in arms and frowthin at the mouth.

I was out here yesterday enjoyin the afternoon sunshine and watchin my cows graze as peacefully as though there never would be another norther when I decided to look over a copy of the Dallas News which I got home with from town because some shoes I'd had half-soled was a wrapped up in it.

I was readin as peacefully as my cows was grazin when I ran into a statement by no less a man than the Mayor of Dallas. It ruined my day.

Accordin to this statement, Dallas is raisin some money to help finance Southern Methodist University and the Mayor was urgin the folks to shell out.

"What would Dallas be like without SMU?" the Mayor asked.

"Why, it would set our city back more than half a century," he answered. "The culture and atmosphere derived from the university are what we need to build the great Southwestern city we are trying to build."

Well, up to there, what he said suited me all right. I'm in favor of all institutions of higher learning. There's a period in lots of young people's lives and most professors' when college is about the only handy place for em at the time.

"When you wonder about how much to give in this drive," he continued, "just envision a pasture of Johnson grass. That's what was out there before they built SMU."

That's what burns me up. What's wrong with Johnson grass? And further more, that's the first time I ever heard of anybody recommendin supportin a university because it got rid of Johnson grass. There ought to be some other reason for supportin a university, and some other way of gettin rid of Johnson grass.

In fact, if the Mayor is gonna set out to eradicate Johnson grass by buildin universities on it, he's gonna wind up with more universities on his hands than he knows what to do with. Up to now, there ain't been a university anywhere with the brains to figure out an easy to get rid of Johnson grass, outside I guess of smotherin it to death with buildings.

I wish to inform the Dallas Mayor I got lots of Johnson grass out here on my farm, but it never has occurred to me to attack it with a university.

The Mayor has gone too far. There's room in Texas for SMU and Johnson grass too. I hope Dallas puts its SMU drive over, but I can tell em now it's one of the most impractical ways I know to get rid of Johnson grass.

Yours faithfully
J. A.

Inspector Platt Urges Car Owners To Have Autos Checked

Motor Vehicle Instpector, Coley Platt, who is in charge of the Vehicle Inspection Stations in Milam County, said today that although Inspection is progressing extremely well in Milam County and through out the State, it would be well to keep the following information in mind:

With ten months of 1953 already behind us, the State of Texas is 106 highway deaths behind the 1952 total for a comparable period. This decreasing rate may be held and even improved upon although the "deadly" holiday season is fast approaching. With winter and holiday travel only a weather change away, it would be wise for all those who have not had their vehicles inspected to do so now.

The very essentials of winter driving - proper brakes, lights, horn and windshield wiper operation - are the backbone of the new Motor Vehicle Inspection program. We can, therefore, do our winter driving safely and with fewer operational worries, as well as avoid the last minute Spring Inspection rush, if we will have our vehicles inspected between now and Christmas.

Inspector Platt said that of all the cars inspected so far, records show that 58 percent need some adjustment or repair. 7 per cent alone needed brake adjustments while 34 percent needed headlight corrections. At the same time, total cost of inspection has averaged only $1.77 per car which includes the price of the inspection. Inspector Platt said that this was probably the most reasonable life insurance being sold in Texas today. He urges each owner to go today to the inspection station of his choice. Tomorrow may be too late.

There are 16 inspections stations in Milam County. They are required by law to be open for business at least 8 hours a day. Most of them are open much longer, and each one will be glad to give your car a thorough, courteous and personalized inspection.

Poll Tax Exemption For Disabled Vets

All Texas war veterans who are 40 percent or more disabled, and who served during a foreign war, are entitled to vote without being required to pay a poll tax, according to H. B. McClellen, Veterans County Service Officer.

An act of the 47th Legislature 1941 provides that "Every person who is a disabled veteran of a foreign war, where such disability is 40 percent or more, shall be entitled to vote without being required to pay a poll tax." A veteran is not necessairly required to have a service-connected disability, nor to have served over seas to be entitled to poll tax exemption, but if he is 40 percent disabled from any cause and served either at home or over seas, he is entitled to vote without a poll tax receipt.

Benson Calls Cotton Acreage Cut Too Severe

FORT WORTH, Nov. 29-Secretary of Agriculture Ezra T. Benson Sunday night called the cut in cotton acreage "drastic, too severe," and reaffirmed his intention to ask Congress to pass modifying legislation.

Benson's promise was given Sunday night in a transcribed radio interview on the Republican State Executive Committee's weekly "Report to Texas".

"Under present legislation, Benson said, "the Secretary of Agriculture is pretty much bound by law as to what he should do in declaring acreage allotments on cotton. In all probability there should have been some control a year ago, but when we came in last January it was too late to do anything at that time.

"However, it is my feeling that under the exising legislation the cut in acreage allotment on cotton required by the law is very drastic; in fact, too severe, and I am going to recommend strongly to the Congress when it convenes that there be some modification in the law to ease that adjustment."

Benson also said that there should be some legal means of providing for hardship cases.

Mr. and Mrs. Leon Kleypas and two sons, Douglas and Gary of Buckholts visited Mr. and Mrs. Billie McSherry of Burlington Sunday.

Scholarship Award To Honor Former Milam Deputy Sheriff

In a letter received by the editor from Carroll Gregory of Robstown, a former employee of the Cameron Herald and The Enterprise many years ago under Editors Tom Herring and W. M. Cobb, a newspaper clipping was inclosed concerning Noah Kennedy, a former resident of Milam County, and who is now residing in Corpus Christi.

Kennedy was Chief Deputy Sheriff of Milam County in the early 1920's working under Sheriff Drew Rogers. He has been a city policeman for the past 16 years in Corpus Christi, and retired from that position to work as a deputy constable last July 13.

The Corpus Christi Jaycees have approved the Capt. N. O. Kennedy Scholarship Award which will send one city policeman each year to the annual Texas Municipal Police Training School at Texas A&M College. The scholarship will honor Capt. Kennedy.

The scholarship was created with the purpose of promoting higher training for city policemen. A secondary purpose is to give recognition to policeman who gives much of his time to his community and receives little in return except the satisfaction of a job well done."

The policeman will be chosen by a committee of Jaycees after his application for the scholarship is approved by the chief of police.

Each scholarship, amounting to $165, will be paid by the Jaycees.

The police school usually convenes at Texas A&M on June 1 of each year and extends until June 20. The class is taught by outstanding policemen from cities over the state.

Texas Eligible For Drouth Aid Through 1954

WASHINGTON, Nov. 30—The Agriculture Department Monday extended for all of 1954 the designation of all Texas as a drouth disaster area.

The department said farmers hard-hit by drouth conditions will be eligible to obtain loans for farming operations for the next year.

In announcing extension of the drouth disaster designation, the department said that although "general rains have fallen over most of Texas during the late summer and fall, drouth conditions still persist in many areas.

"Farmers have suffered substantial crop losses this year, and there is a serious shortage of feed due to the drouth," the department said. "Emergency credit assistance will be needed for next year's operations by many farmers throughout the state."

TP&L Purchase Of Sherman Plant Ok'd

SHERMAN, Nov. 25—Sale of Sherman's municipal electric power system to Texas Power & Light Company was approved in a city election Tuesday, 1,357 votes to 48.

The company offered the city $150,000 and other considerations for the power system.

Officials of TP&L have said that extensive improvements in the system will be carried out including installation of mercury vapor lights in the business districts and 2,500 street lights in residential sections.

Gonzales Scalps Rosebud 25-14

The Rosebud Panthers, representatives of District 23-AA were scalped Friday night in Temple by the Gonzales Apaches, winners of District 24-AA, 25-14.

With Speedy Cary Mackey and pitching Bob Burchard, the Gonzales rolled on to take the bi-district crown. Mackey kept the defending Rosebud team off balance all night, and when the line held the Apaches went over them with passes.

The first Apaches score came just two minutes gone as Allen Brozozowski went around right end from the three for the tally.

Mackey carried over for the next TD which was set up by him earlier, with a pass.

Wasserman made the first Panther TD as he vaulted over center for six yards. Dink Cruz's attempt at the extra point was good. Gonzales lead at the half, 12-7.

Gonzales' third TD came late in the third quarter with Sestek grabbing a Burchard pass, and chopping off the remainder of the distance. Mackey's extra point try was good.

Early in the fourth the Panthers drove 31 yards after Schpass to set up the score. Wasserman plowed over from the one for the tally.

A Panther pass was taken by DeBerry, for the Apaches, who raced back 65 yards for the final TD of the game.

B. Johnston, a Rosebud captain, was the Panther standout in defensive play.

Coach Smith's Pirates Advance To Regional Play

Coach Paul Smith's Pirate crew from LaVega put together two fourth quarter TDs in 39 seconds to beat Lampasas 21-7 in a bi-district game in Lampasas Friday night.

The victory sends the Pirates into play against Gonzales, who defeated Rosebud. The Pirates have been to the state playoffs six times in the past six years and advanced as far as the finals in 1951 but lost to Arlington, 6-0. It was this same team that beat the Cameron Yoemen in a regional clash, 13-7.

Making the TD's for LaVega were Floyd Deelinger and Tommy Davis with Deelinger scoring twice. Deelinger also kicked the three extra points.

The only Badger score came early in the third quarter. The TD march was climaxed when Walter Haynie passed to Darrell Eubanks for 34 yards and a TD. Bobby Briggs' kick for the extra point was good.

Milam Highway Project Approved

"The coffee's terrible but it's the only restaurant in town"

Muddy coffee. Soggy toast. Indigestible food. Bad luck for the hungry salesman who stops in that town for a bite to eat. The missing ingredient is "competition."

Funny how that word has a way of stirring up activity.

People who manufacture things, for example, prickle all over when they think about competition. They sit up evenings fretting about it, and spend millions to improve their products. The result, of course, is high quality at lowest possible cost. And the winner of a contest like that has to be the public.

People are tempted sometimes to wonder what life would be like without competition. For a clue, they might note the shabby fall in living standards in countries where clumsy fingers of state monopoly have strangled competition.

Over 3,000 manufacturing firms in America share in the electrical business. We can name offhand 20 sizable firms that compete at giving the public better refrigerators. There are more than 200 rivals in the making of electric motors. At least 37 in electric irons; 53 in home freezers; 25 turn out vacuum cleaners. And so on down the list.

Some companies competing with General Electric today actually sprang up from the seeds of General Electric research. New products have invited new companies. In certain cases, whole new industries. And more will come.

The competitive race just never ends. That sounds tiring for the contestants, but in fact it is healthy exercise. Healthy for the country, too. At General Electric we wouldn't have it any other way.

You can put your confidence in—
GENERAL ELECTRIC

J. C. Penney Authorizes Special Year-End Payment For Associates

J. C. Penney Company, nation wide department store organization, announced today that its directors have authorized a special year-end payment for more than 50,000 associates in the Company's 1,633 stores, offices and warehouses throughout the United States.

The payment will be an amount equal to two weeks' pay for all fulltime associates who have been employed for the full year 1953, and proportionate amounts for extra and part-time associates and those employed less than a year.

All Penney associates will share in the payment except management staff members whose earnings are determined by the Companys long - standing profit-sharing plan. It will be made December 15 at each associate's December 15 rate of pay.

In a letter to the firm's associates, A. W. Hughes, president, said the payment was based upon the Company's results for 1953. "We are particularly happy to be able to make this payment as a result of what has been accomplished this past year", he said. "The possibility of future payments of course will continue to depend upon year to year results."

The payment is in addition to regular Company provisions for associates' benefits, including Sick benefit, Gratuitous Death and Dismemberment benefit, Thrift and Profit - Sharing Retirement Fund plans, discounts on Company purchases and others. It is the seventh to be made since the end of World War II.

BUCKHOLTS 4-H —

College, and other area agricultural leaders attended the presentation of the awards for the state contest Monday night.

The Central Texas area included 40 counties, and there were four areas in the state participating.

Requests For 1954 Conservation Program Taken Now

Applications from farmers, who desire to participate in the 1954 Agricultural Conservation Program on a cost-share basis, are now being accepted at the Milam County Production and Marketing Administration office in Cameron.

The date for filing these requests is from November 23 to December 16, 1953.

Under the 1953 Agricultural Conservation Program, community committeemen visited each farmer in the county to give him the opportunity to request assistance, but this year, it will be necessary for the farmers to come to the county office to file their requests.

Clerks will be present to assist farmers in filing their requests for Federal cost-share on needed conservation practices.

SMU-Notre Dame Game To Be Broadcast

A play by play description of the SMU - Notre Dame game will be broadcast to Texas directly from Notre Dame Stadium, South Bend, Indiana, by Humble Oil & Refining Company.

This will be Humble's final regular season football broadcast. During the 1953 season, the Humble Company has broadcast 54 games for Texans, sometimes using as many as 60 radio stations each Saturday.

Kern Tips will do the play-by-play of the SMU - Notre Dame game and Alec Chesser will be on hand to describe the color and halftime activities, Air time will be 12:50 p.m. over WFAA-WBAP-820, Dallas-Ft. Worth; K-PRC, Houston; and WOAI San Antonio.

WAC Sgt. Opal Sapp Is Serving At Camp Yokohama, Japan

WAC Sgt. Opal M. Sapp, daughter of Mr. and Mrs. John B. Sapp, Route 3, Cameron, Texas, is now taking part in a new academic training program while serving with the Army at Camp Yokohama, Japan.

Sergeant Sapp, a baker in the billeting and housing section, spends four hours each week studying Japanese.

Under the program conducted by the Army Education Center and the U. S. Armed Forces Institute, each WAC may work toward a high school diploma or a college degree. Courses now being offered include typing, English, psychology, personnel management, shorthand, public speaking and Japanese.

A 1948 graduate of Rockdale High School Sergeant Sapp entered the Army in March 1949 and arrived in the Far East in June 1952.

Former Cameron Pastor Is Baptist Union President

Rev. Lester Morriss, a former pastor of the Cameron Baptist Church, was elected president of the Baptist Training Union convention of Texas Saturday. He succeeds Rev. Sterling of Abilene.

Corpus Christi won the 1954 meeting and Abilene the 1955 convention.

Dr. Hope Owen of Plainview, president of Wayland College, spoke at the closing session.

Rev. Morris is now serving as pastor at Mt. Pleasant.

Cameron Girl Joins United States Navy

Miss Justine Kolodejcak, daughter of Mr. and Mrs. Florian Kolodejcak of Cameron, reported to Dallas Monday, November 16 to be sworn into the United States Navy. From there she went directly to Baimbridge, Maryland where she will complete ten weeks of Wave Basic Training.

Miss Kolodejcak was formerly employed at St. Edward Hospital in the X-ray department.

Two Cameron Deer Hunters Return With Game

Two Cameron hunters returned from deer hunting Saturday afternoon November 21.

Norris Rogers hit the jackpot with two bucks, a ten and thirteen pointer. Lawrence Mueck brought back two bucks, a seven and ten pointer and two turkey gobblers.

The two hunters went hunting on the Criton Ranch at Boerne, between Fredericksburg and San Antonio in Bexar County.

Miss Norinne Holder returned to Waco Wednesday morning after spending the Thanksgiving holidays here with her parents, Mr. and Mrs. Perry Holder. Norrine is a student at Baylor University.

2 ACCIDENTS —

were received.

The second accident occured about five miles south of Cameron on U. S. Highway 77. The Patrolman said Henry J. Gebhart of Rockdale was driving a dump truck, going south on the highway, when the truck skidded on the slippery, wet pavement and Gebhart lost control of the truck, hitting a large tree.

Blansit said the truck was a total loss, but that Gebhart received no injuries.

Miss Andrea Brady was a holiday visitor here in the home of her parents, Mr. and Mrs. Charles Brady. Andrea is a freshman student at the University of Texas and she returned to Austin Sunday afternoon.
